# Tyres While You Wait

Costco has a wide range of Michelin and Bridgestone tyres to choose from. Pricing includes balancing, disposal, installation, free nitrogen fill and refills.

Nitrogen is non-combustible, non-flammable, non-corrosive and is safe when used in tyres. It has a larger molecule size than oxygen and helps stabilise a tyre's inflation pressure. Oxygen escapes from a tyre three to four times faster than nitrogen. Maximise your vehicle's handling, fuel efficiency and tyre life by purchasing your tyres filled with nitrogen at Costco.

VALID 20 FEB. – 4 MARCH, 2012

**UP TO \$70 OFF**

**PURCHASE** any complete set of 4 Michelin or Bridgestone tyres, including special order, and **GET \$50 OFF** for passenger vehicle tyres or **\$70 OFF** for SUV/ commercial vehicle tyres.

*Please see a tyre technician for details and analysis.*
